Gee, Myra! ...

This is our last year in the good ole halls of J. C. (Thank goodness, they couldn't put up with us another year!) I really have enjoyed our school days & as much as our after school hours. I hope you have the best of luck because I know you really deserve it (along with me!) And always remember Aug. 28th and me because there'll never be another girl like you.

Love,
Donna

P.S. Let's make this our best year yet.

"Ours is the only country deliberately founded on a good idea."

JOHN S. MOURSUND
High School Principal

On behalf of the administration of the Lyndon B. Johnson High School and its students, we dedicate our school and ourselves to perpetuate the high ideals which have made our most illustrious alumnus our great Nation Leader.

To dedicate is to proclaim or consecrate for a special purpose, something of a special nature. Trying to live up to the good name that has been bestowed upon our school, we will endeavor to develop the utmost nobility of the human spirit. In the eyes of God and men, the sacred purpose of these facilities and this school, should be the development of mind and spirit of our young citizens who represent the most precious resource of our community.

The size of a school does not matter as much as the caliber of its people. We make no apology for our smallness. Should we fail to measure up to our great name, only then would we feel a sense of shame.

In a true sense of the word, the site of our school is a historic site. The President of the United States spent his formative years on this campus. It is a rare pleasure to dedicate this school in his name so that posterity may know the environment in which he grew up and interested in his background to understand his character, his hopes, his aspirations and his motives for service to the people of this nation.

J. FRANCES MERZ
Elementary Principal

To you, the Students of L.B.J. School, I have three quotations:

Seek ye first the
kingdom of the Lord
and the rest shall
come unto you.
It is through learning
that ye shall know the
truth and the truth
shall make you free at last.
An ideal American is
an intelligent citizen.
It is this that we need
to preserve for a true
American Democracy.

Mrs. Kittie Clyde Leonard
Superintendent
Lyndon B. Johnson Public Schools

Greetings and best wishes to every reader of the 1965 Aquila

Congratulations and thanks to the Aquila staff and their sponsor for a job well done.

Our distinguished alumnus, the President of the United States has said, "Education is the keystone of the nation." Education in its broadest sense means one basic thing---liberating the powers and capacities of the individuals so that he may grow to his fullest in every phase of his being.

We trust that the Lyndon B. Johnson Schools have helped you as students to develop into bigger, better and more qualified persons than you would otherwise have been. We believe that no life ever grows great until it is focused, dedicated and disciplined.

As the years go by may each of us increase in wisdom, stature, and in favor with God and man.

Football

John Thurman in his 14th season as football coach at L. B. Johnson High School required patience of a diplomat, the optimism of a bikini-clad Eskimo, the foresight of an oracle and coaching skill of Knute Rockne.

Coach had them all, for his Eagles were District 29-B champions.

Coach is enjoying COACH'S CORNER at the Football Prom.

Butch Crofts was a delightful Master of Ceremonies

GOING UP THE LADDER OF LIFE?

That's Great! Wonder if you'd mind a few tips? Swell!

1. Set a goal far beyond any present day hope of attainment.
2. Consistently do something toward reaching that goal each day.
3. Keep healthy with good habits and moderate exercises.
4. Make Jesus a pal and an adviser. Talk to him. Listen to him. Remember nothing is too small or too large to talk over with him.
5. With his help you can have patience, perseverance and strength and your goal will become something really far more satisfying; your effort and sacrifice true sources of peace and contentment.

Best Wishes
